Candidate Survey Cover Letter

In anticipation of the 2020 general election the ABCPOA conducted a brief survey to provide information about local candidates on issues that are particularly relevant to our members across a range of topics that impact the health, security and wellbeing of our members and are critical to the further development of Brunswick County.

A specific narrative survey document was developed for each of the following positions: State Senate, State House, County Commissioner, and Board of Education. Prior to distribution, each candidate's committee was contacted to verify correct contact information. The candidates were informed that their responses would be distributed to the membership of the ABCPOA without comment and placed on the Association's website and that candidates who choose not to participate will simply be noted, "Did not Respond."

All candidates, including those in uncontested contests were given an opportunity to complete the survey.

The following candidates were contacted for this survey:

State Senate District 8:

William P. Rabon (R) Did not Respond
David W. Sink (D) Did not Respond

State House District 17:

Frank Iler Jr. (R) Response Attached
Tom Simmons (D) Response Attached
